Mission

The mission of Trinity School is to educate students in transitional kindergarten to grade 12 within the framework of Christian faith and conviction—teaching the classical tools of learning; providing a rich yet unhurried education; and communicating truth, goodness, and beauty.

History

Trinity School was founded in 1995 by parents seeking a Christian school with an excellent college-preparatory program that integrates faith and learning. Located in the heart of Trinity’s 22-acre TK–12 campus in Durham, North Carolina, Trinity’s Upper School was established in the fall of 2006, with 16 students in the first graduating class (the class of 2010). Today, more than 580 Trinity graduates are making a difference in their communities, workplaces, families, and church congregations.

Deep, Inquiry-Based Study

Trinity’s Upper School engages students in a rich, liberal arts curriculum that values depth through Socratic discussion, inquiry and self-discovery, self-reflection, eloquent expression, critical and creative thinking, and the classical tools of learning. This study, grounded in Christian faith and practice, helps cultivate transformative personal and intellectual growth. In the interdisciplinary Great Books tradition, students explore ancient and modern ideas, literature, history, art, and faith in yearlong Humanities courses. These classes meet for twice the time allotted to other disciplines and satisfy graduation requirements for both English and history. Students in Honors Humanities engage with a “big question” and, through substantial research, produce sophisticated essays, reflections in other art forms, and a public defense of their conclusions.

Senior Capstone

Each senior is required to complete a semester- or year-long independent project, involving at least 60 hours of work, guided by a faculty advisor in a discipline of the student’s choosing. Topics have ranged from constructing a robotic arm for a UNC marine lab, to recording an album of original music, to studying the impact of humanitarian contributions on Third World development, to serving as a research assistant in a Duke University lab.

Distinctives of Trinity Graduates

In Trinity’s first 16 graduating classes (580 alumni total), our seniors have been distinguished with 15 full scholarships (tuition, room, and board): four Morehead-Cain Scholarships at the University of North Carolina; a Teaching Fellows Scholarship; a Faculty Scholarship at Whitworth University; a David Bittle Scholarship at Roanoke College; a Trustee Scholarship at Loyola Marymount; US Naval Academy and US Air Force Academy appointments; a Georgia Tech Stamps Gold Scholarship; and an ROTC Scholarship at Davidson College. Other accolades include eight Division I athletic scholarships; 22 Governor’s School placements; National Merit commended, semifinalist, and finalist scholarships; and more than \$23 million in merit awards.

Class of 2026 (56 Students)

Because our graduating classes are small, our range of grades narrow, and our college-preparatory program rigorous, Trinity School does not rank its students. Unweighted GPAs are based on a 4.0 scale, and honors grades are weighted an additional 25 percent. An A is Trinity’s highest mark.

Student Course Load

The Upper School is committed to helping students maintain a healthy experience and to balance their overall academic load, co-curricular involvements, and other commitments. Students typically take five core academic classes (humanities / English & history; math; science; and foreign language) and one or two electives. Upper School students must be enrolled in a minimum of 4 core academic classes and 5 total classes each semester and may take no more than 7 classes each semester. No more than 5 of these can be honors courses. Fall-semester seniors, because of time-consuming college applications, may take no more than 6 classes (including Capstone). Students desiring course loads outside these parameters must receive permission from the Head of Upper School.

Honors Courses

Trinity offers honors courses for students with the gifts, study habits, and attitude to do well in them. Students wishing to take more than two honors classes per semester must receive the permission of the Head of Upper School. Members of the class of 2026 completed or are in the process of completing an average of 5.7 honors courses by graduation.
